

# Aims & Agenda of the Summer School

**BILAT-UKR\*AINA**

15.09.2014, Kyiv

**Zsuzsanna ANGYAL**

Regional Centre for Information and Scientific Development  
(RCISD), Budapest, Hungary

# Major objectives of BILAT-UKR\* AINA project

- to support the institutional dialogue on STI policy between the European Commission, the EU MS, CC and AC, and Ukraine,
- to provide analytical input to the dialogue at the JSTCC,
- to ensure practical follow-up and sustainability; particularly it
  - promotes RTDI cooperation opportunities to support the creation of networks and the participation in joint projects;
  - increases awareness about the assets of RTDI cooperation with Ukraine.

**Summer School** on European RTDI policies, instruments  
and participation possibilities

Why are we here?

# Particular aims of Summer School

- to provide a comprehensive training on project development, management and exploitation of research results in the frame of Horizon 2020
- provide an opportunity for networking and identifying potential fields of common interests among the participants
- Target group: 30 young Ukrainian research and project managers

Why are you here?

# Ex-ante assessment forms

- **H2020:** the majority of the participants has some notions about funding opportunities
- **Half** of the participants already participated in different kind of **bilateral projects**
- **BUT: Very limited involvement in EU funded projects** - **2/3** had no previous experience in FP7
- **Only 3** out of 30 were directly involved in the preparation of a **FP7 project proposal**

# Your expectations

- Networking
- Getting knowledge about H2020
- Hands-on training
- Partner search for project proposals

What can we offer to you?
